

Mobile app Portfolio

STUDENT NAME: Dhivya.M

REGISTER NO AND NMID:

24131130500122003/asanm

11324131130500122003

DEPARTMENT: BCA

COLLEGE: Vallalar Arts and Science college,
Vadalur – Annamalai university.

Project Title

Mobile app Portfolio

Agenda

Double tap to add text

- 1.Introduction
- 2.Showcase of apps
- 3.Case studies
- 4.Skills and Tools
- 5.Testimonials
- 6.Results and Screenshots
- 7.Contact section
- 8.Conclusion.

Introduction:

A short bio about who you are (developer, designer, student etc...)

Mention your expertise (Android, iOS, kotlin etc...)

Highlight your interests (eg: AI integration)

Showcase of apps:

Description—What problem does it solve? Who is it for?

Teck stack—Programming languages, frameworks, databases, APIs.

Features—e.g. Authentication, push notifications, in-app purchases, maps integration.

Links—To Google play store, app store or GitHub repository.

Case studies:

Problem statements. ■

Your approach
(design+development process).

Challenges faced & how you
solved them.

Results(downloads,ratings,
client feedback etc...)

Skills and Tools:

Languages: Java, kotlin, Swift, dart, Java script etc..

Frameworks: Flutter, react native, Xamarin, swiftUI, jetpack Compose.

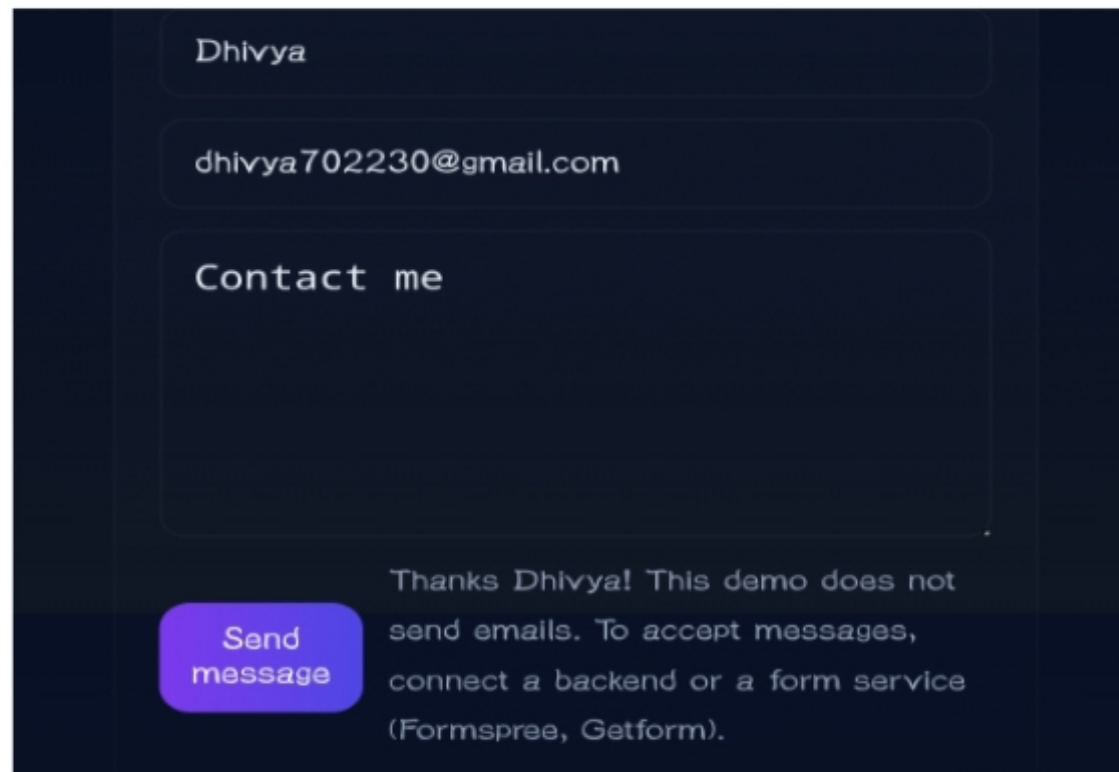

Tools: Android studio, Xcode, Firebase, git, F.

Testimonials:

If you are worked with clients,
include their feedback.

If your apps are on stores,
highlight user reviews.

Results and Screenshots:

A screenshot of a dark-themed contact form. The form has three input fields: a text field containing 'Dhivya', an email field containing 'dhivya702230@gmail.com', and a larger text area containing 'Contact me'. Below the text area is a purple button labeled 'Send message'. To the right of the button, there is a message: 'Thanks Dhivya! This demo does not send emails. To accept messages, connect a backend or a form service (Formspree, Getform).'.

Dhivya

dhivya702230@gmail.com

Contact me

Send message

Thanks Dhivya! This demo does not send emails. To accept messages, connect a backend or a form service (Formspree, Getform).

Contact section:

Email linkedIN, github, or
portfolio website link.

Optional:

QR code linking to your app or
linkedIN profile.

Conclusion:

As technology continues to evolve, I remain committed to continuous learning, improving my skills, and exploring innovative ways to deliver values through mobile applications.
